One Medical

1931 N Halsted Street, Chicago, IL 60614

[888.663.6331](tel:888.663.6331)

At One Medical, along with providing primary and urgent care, we provide sexual/reproductive care, HIV care, TGNB/hormone care. We believe healthcare should be inclusive, comprehensive, and available to all. That's why we've created a new kind of primary care practice designed to make getting exceptional care faster and easier — while making every patient feel well cared for, comfortable, and heard.

While LGBTQ+ people aren't defined by any specific health needs, our providers understand the unique health concerns and obstacles members of this community often face. We know that many lesbian, gay, bisexual, transgender, queer, and nonbinary people have had poor healthcare experiences — and we're here to change that.
